Video Tutorials and Manuals

Please check out the dedicated **Vienna Instruments / Vienna Instruments PRO Manuals** and our **Video Tutorials** for additional software like Vienna Suite in your [User Area](#).

eLicenser Control Center

The *eLicenser Control Center* manages your licenses. Please make sure that you are using the latest version, available at www.elicenser.net.

2

Remember that you need a **ViennaKey** (or a Steinberg or Arturia eLicenser, formerly Syncrosoft) to store your licenses on. You should **register your key** with us, so that you are safe in case of damage (the first 6 or 7 digits of the key are important, as shown on the screenshot below).

Downloading your license is simple: Make sure your *ViennaKey* is inserted, launch *eLicenser Control Center*, click on **Enter Activation Code** and paste your Activation Code into the respective field. You will be guided through the rest of the procedure. An Internet connection has to be available for this process. You can of course download your license on any Internet computer, in case your music computer is not connected to the Internet.

If your license download was interrupted for any reason, please click **Maintenance** (in the upper right corner) – this will complete your license download automatically!

Remember that you will need the sample content and the licenses of the given **Vienna Instruments** Collections as well as the [latest Vienna Instruments software](#) installed alongside with a *ViennaKey* on your computers!
